DID YOU KNOW?

If we can't always get outside, this makes bringing nature into our homes more important than ever.

The more we engage with nature, the better we will feel!

WHAT CAN YOU DO?

How can you bring nature and the outdoors into your home?

Try your hand at propagating a cutting from a plant! Take a plant you have and snip a little bit off it – once it has grown roots in water, try to replant it and grow it to a full-sized plant.

Maybe you could give this new plant as a gift to someone to help them bring nature into their home too.
